

Using Native Plants in your Existing Landscape

with Julie Borneman

We rarely get a blank canvas to landscape, so we all work with what we have. We will talk about how to decide which plants to replace and easy ways to incorporate native plants into any landscape.

Julie Borneman is a VNLA Certified Horticulturist and a certified Chesapeake Bay Landscaping professional. She lives in Hamilton with her husband, Chris, and two teenagers where they work hard running Watermark Woods Native Plant Nursery, the only pesticide-free nursery in Loudoun County.
